2:00 pm to 2:30 pm	AGM including Q&A (see separate AGENDA)
2:30 pm to 2:40 pm	Connecting with Nature - introduction
2:40 pm to 4:05 pm	Tea/coffee and cakes available, displays and trustees available to talk to
2:45 pm to 3:15 pm	Connecting with Nature Part 1 <i>Nature that is special to me</i>
3:15 pm to 3:45 pm	Connecting with Nature Part 2 <i>What we should do to support Nature</i>
3:45 pm to 4:05 pm	Connecting with Nature summary of findings
4:05 pm to 4:15 pm	Closing remarks

The open interactive session '**Connecting with Nature**' will run concurrently with other activities. After the AGM you will be able to get refreshments, view our displays, and talk with the trustees and other HIGS volunteers who will be on hand to answer questions and sign up new volunteers.

Connecting with Nature

The purpose of the Nature Discussion is to involve everyone who attends in sharing their knowledge about what is special about the flora and fauna of Histon and Impington (Part 1), and then to use this knowledge to help inform future action in the villages to support the diversity, quality and quantity of local wildlife (Part 2). The event should be lively, motivating and fun.

We have four themes:

- Nature in or next to water
- Nature with wings
- Nature living on the ground
- Nature rooted in the ground

Each theme will have a separate table and a facilitator to help contributors to use the maps.

We hope that you will all drop by each table, look at the maps, and add your thoughts on a Post-it Note or mark something with a sticker. At the end of the afternoon the theme facilitators will share a quick summary of what they have learned.
