

Step up, have influence, be a trustee!

If you care about nature and would like to help lead a dynamic local charity read on!

Histon & Impington Green Spaces is the charity behind the Abbey Fields project. Its current priority is to look after these sites and their biodiversity. Looking ahead, its aim is to secure long-term access to more land in and around Histon & Impington and to enable it to be managed for nature conservation and people's enjoyment, health and well-being. You can learn more about the charity at www.higreenspaces.org.

Histon & Impington Green Spaces is currently looking for people to become trustees. As a Board the trustees oversee the work of the charity and are responsible for ensuring good governance and providing strategic leadership.

As a trustee you will need to commit just a few hours a month. You will bring your skills and experience and, in return, acquire knowledge and other skills which have value in other walks of life. You will also enjoy working with a diverse group of people and appreciate that you have made a positive contribution to Histon & Impington.

If you are interested in becoming a Trustee or would like to find out more about this and other opportunities please email Jon Pavey at treasurer@higreenspaces.org

Histon & Impington Green Spaces is a registered charity, number 1195616.
